

To Whom it may Concern

This letter is to introduce and recommend Mr. Lee to you. I have known Mr. Lee for more than 20 years and have found him to be one of the most hardworking and dedicated professionals I have had the pleasure of both working and training with (I hold a 2nd degree black belt in Tae Kwon Do). Although outside his traditional role as a Tae Kwon Do expert, Mr. Lee assisted Sonora and was responsible for bringing Korean dealers to us to sell our medical device products. This showed me that his ability to focus on a process and his drive to excel was portable from the martial arts into business as well. I have no doubt that he will be successful in his newest venture and I look forward to seeing the final product. Please feel free to contact me with any questions you may have concerning my dealing with Mr. Lee.

Sincerely,

A handwritten signature in black ink, appearing to read "G. Wayne Moore", with a long horizontal line extending to the right.
